PRESIDENTS LETTER

October 2015

I had the opportunity to experience a Dressed for Success event and the Corporation Manager informed us how these ladies, who we will never meet, benefit. We all know the confident feeling we get when putting something on that fits well and looking in the mirror knowing we are ready and confident.

This pays forward with effects on families and we don't even realize some less fortunate are missing basics such as makeup though all are beautiful. As women tend to compete, we come together in support as team in creating these events.

Don't forget to get your mammograms, it's Breast Cancer Awareness Month!

I hope to see everyone at the next meeting.

Gina Dinkey, President, BPWSOC

BPWNJ VOICE

Did you know that you can advertise your business in the BPWNJ Voice in order to reach our sisters throughout the State? For more information contact Eunice Clark at eclark@brookdalecc.edu

If you are not receiving your copy of the Voice electronically, and would like to, e-mail Eunice Clark at the address above and ask her to put you on the electronic e-mail list. By doing so, you are helping BPWNJ save the cost of mailing.

BUSINESS INFORMATION FOR OUR

NETWORKING TABLE!!!

Legislative:

Remember to Vote on November 3. Your vote is important.

In honor of Fall, here are some interesting facts about Pumpkins that I would like to share.

1. The word "pumpkin" showed up for the first time in the fairy tale *Cinderella*.

A French explorer in 1584 first called them "gros melons," which translates into Latin as "pepon," which means large melon. It wasn't until the 17th century that they were first referred to as pumpkins.

2. The original jack-o'-lanterns were made with <u>turnips and potatoes</u> by the Irish.

In England, they used large beets and lit them with embers to ward off evil spirits. Irish immigrants brought their

OCTOBER GUEST SPEAKER

There will be no guest speaker this month. At this meeting we will be preparing for our networking event on October 15, 2015

Please note that you can always go to our website for the latest information and/or "Members Only" area.

customs to America, but found that pumpkins were much easier to carve.

- 3. Over 1.5 billion pounds of pumpkin are produced each year in the United States.

 Mainly in the states of Illinois, Indiana, Ohio, Pennsylvania, and California.

 Pumpkins are also grown on every continent except Antarctica.
- 4. The world's largest pumpkin was more than five feet in diameter and weighed over 1,800 pounds presented in Minnesota in October 2010.

 5. The largest pumpkin pie ever baked weighed 2,020 pounds, but pumpkin pie as we know it today was not the original pumpkin pie made by colonists. The tops of pumpkins were cut off, seeds were removed, and fill the pumpkins with milk, spices, and honey, and bake them in hot ashes.
- 6. Each pumpkin has about 500 seeds. High in iron, they can be roasted to eat. The flowers that grow on pumpkin vines are also edible.

7. There are over 45 different varieties of

magnesium and iron.

pumpkin, they are fruits and are made up of 90% water.

They range in color like red, yellow, and green, and have names like Hooligan, Cotton Candy, and Orange Smoothie. One cup of canned pumpkin only has 83 calories and only half a gram of fat. In comparison, the same serving size of sweet potato has triple the calories. They also have more fiber than kale, more potassium than bananas, and are full of heart-healthy

NEED TO GET AWAY

If you are stressed and looking for a mini vacation to Long Beach Island, or have family or friends that are thinking of a local getaway, or a last minute family reunion, give me a call at 609-290-5040 or e-mail me at Cyndyonlbi@comcast.net: it would be my pleasure to assist you in locating a rental property on Long Beach Island! There are still homes available, so don't hesitate to contact me. Cyndy Friedland

Novel

symbol of feminism and women's economic power.

Computer Tips:

Be sure to reboot (or restart) your computer on a daily basis (if you do not Shut Down). Additionally, (either way), always open (or launch) your antivirus program and manually "update" it and then run a full system scan - to check for viruses. As always, if you need help with these tasks, this is what I do - call me.
