Join us for a wonderful networking opportunity. Bring your colleagues, friends and future members with you.

As part of our membership privileges we are given a chance to let our sisters know what we are doing in our businesses and work places so, members, please bring any literature to share.

Dear Lisa,

Greetings!

Well summer is over, and the children are frolicking at Staples trying to get out of buying their back to school supplies. Mom and Dad are jumping for joy as they have really run out of ideas to keep the children busy. Do you remember those days?? When the end of the season brought sadness and happiness all at one time?? I do and it seems to have followed me into adulthood- the end of seasons that is.

They seem to be going way to fast and now before we know it the 25th Anniversary celebration is upon us. We have a committee that has worked so very hard to make this event successful, but, once again we are having issues getting members to respond to the invitation to join us for what will be a fantastic evening. I am not sure if this is a result of the summer ending, figuring you can put it off until later, but, we are now at LATER, and I do not want it to be too late for you to attend. So please, if you are coming, let us know as we need to give the restaurant a head count soon.

We have the Evergreens doing our opening ceremonies. Want to know who they are? You need to come and see for yourself. Our door prizes surpass any other year we have held this event. Want to know what they are? You need to come and see for yourself. Are you getting my

## September Birthdays

No birthdays this month

New members, if you have a birthday this month or in the following months, please let me know so that you will be recognized.

Thought  
for September

"If you don't go after what you want, you'll never have it. If you don't ask, the answer is always no. If you don't step forward, you're always in the same place."

drift? We want to have you there as this is your evening too.

We had fantastic news recently; Cathy's Law was passed. We definitely have to be proud of ourselves as we did some of the work to get it passed. Now no parent will have to go through what Lucille did, in that pictures of her daughter were circulating on the internet at a time when the family expected and was entitled to, privacy. So for those of you that helped with the petition, thank you very much. There is no force stronger than a bunch of women when we want to have something done.

Don't forget that we have another psychic fair coming up and we are looking for vendors to allow for some holiday shopping. If you want a table please speak with Rosalind.

So as the summer winds down and the margarita machine is put away, plan to join us at the Women Helping Women dinner and welcome in the season of Fall. See you at the next meeting.

Sincerely,

Penny Miller,  
President

### PC Tips by Lisa G., A2Z Computer Help

Backup and Restore have greatly improved for Windows 7:

You can create copies of your important files, so you are always prepared for the worst case scenario. You can choose your files, folders, libraries, drives, etc., and back it

all up to another drive, an external drive or a DVD.

You can set up automatic backups or you can manually back up your files any time.

Click on the Start Button and type "backup" in the search box just above the start button. Then click on "Backup and Restore."

Click on "Set up backup" and follow the steps in the wizard. Be sure to have your external hard drive connected or have a stack of DVDs-R (or other compatible writable DVDs).

You will then choose your files, folders or libraries, etc., and now you will have your files backed up and ready to keep in a safe place, should you ever need to restore these files due to a crashed computer, a hard drive replacement, a new computer or other.

Of course, if you need assistance, do not hesitate to contact me and I will be happy to assist you with your backup needs.

Thank you,

Lisa Gambino from [A2Z](#)
