Join us for a wonderful networking opportunity. Bring your colleagues, friends and future members with you.

As part of our membership privileges we are given a chance to let our sisters know what we are doing in our businesses and work

Greetings!

Dear BPW Sisters:

Please come to the February meeting and have your voice heard!! This is to be a workshop meeting and I want to have participation by those in attendance. If you cannot make the meeting, please send me your thoughts. You need to be heard and this is the only way we can do it. I plan to bring the results of this meeting to the state and for us to have an open forum with those that will be there.

We can make it work if we have your input as to what you want from BPW; remember you count so please make sure that you put your thoughts to paper so that we can share them.

On another note, the scholarship applications are on the website now (www.bpwsoc.org) so please start to hand them out to those that might be in need of some assistance. Take some with you wherever you go -- nails, hairdresser, dentist, pta meeting, etc. You are bound to meet someone that would never have known that we have this ability to help. Keep in mind, that anyone can apply to us and to the state if the need is greater than just

places so, members, please bring any literature to share.

RSVP to Rosalind Silletto at 732-961-6435 or [via email.](#)

February Birthdays

Jaimie Henbest - 2/14

New members, if you have a birthday this month or in the following months, please let me know so that you will be recognized.

Thought for February

The best kind of friends are the ones that you share good times with. A friend who can make you laugh is worth a handful who can't. So often we walk around with the weight of the world on our shoulders. Our bodies become tense and this is a cause for most illnesses. Having humor in your life is not just a matter of a good time, it's also a matter of living longer. Often when you have a friendship that has lasted a long time you continue to share memories of humorous interactions that you shared. This may be the glue that holds the friendship together.

ours alone.

Plans are in the making for the next psychic fair - so please try to keep the date open so that you can attend. We are always looking for help that night so if you have some spare time to give we can use it.

Looking forward to seeing you with lots of ideas at our February 12 meeting.

Sincerely,

Penny Miller,
President

Windows 8

Many people are buying new computers with the latest Microsoft Windows operating system, "Windows 8." It became available on October 26, 2012, and will be supported through January 2018.

The Microsoft Product Lifecycle Search states that extended support will end January 2023. Based on this information, it seems that we will have this operating system for quite some time.

There is now a "Start screen," which displays tiles that connect to people, apps, folders, photos, or websites and they are loaded with the latest most up-to-date information. Windows 8 comes with a new store for "apps," called the Windows Store.

You can open the Store right from your Start screen to browse and download apps for cooking, photos, spots, news and lots more. Some are free and some you will purchase, if needed. There is still a "Desktop" that you were or are used to with a taskbar, folders and icons and you can switch between the Start screen and the desktop and use the different screens to perform different tasks as needed.

Your files from your previous personal computer can be transferred to the new computer many different ways. Some of the ways to transfer files are: you can use a cloud based program, i.e., Carbonite, you can use a flash drive, or an external hard drive.

If you need help learning Windows 8, setting it up,

transferring your files or just plain instruction and/or tips, contact Lisa G. at [A2Z Computer Help](#).

Thank you,

Lisa Gambino from [A2Z](#)
